Reporting tool - Manual - General

Content

1. Login to the Reporting Tool	1
2. Reporting tool instructions by role	
3. Statuses of findings (F).	
4. Statuses of non-conformities (NC).	
5. Changes compared to previous version.	

1. Login to the Reporting Tool.

The Reporting Tool is a web-based tool and doesn't require an installation. The best browser to use is Google Chrome, but the tool can also be used with Safari and Mozilla Firefox. Internet Explorer is **not** supported!

PCAs and Functional Administrators work in the back end/back office:

URL: https://prisma.bettyblocks.com

LA, TA, KB and KG work in the front-end:

URL: https://prisma.rva.nl/login

1.1 Role Overview

Your account is attached to a role you have within the RvA. Are you both LA and TA? Then you have two different accounts in the Reporting Tool.

The following roles have been distinguished:

- PCA Project Coordinator Accreditation Assessment.

FB Functional Administrator

LA Lead assessor

- TA Technical assessor

KB Customer Administrator

KG Customer-user

2. Reporting tool instructions by role

Instructions (manual, Quick Reference Card and FAQ) on how to use the tool by role can be found by customer administrators and users on the RvA website, and RvA employees can access these in BizzMine.

3. Statuses of findings (F).

The finding receives a new status several times during the process. See below for the meaning of each status.

Status of the finding	Process Step	Action by	Meaning
Bevinding concept Finding concept	Create finding	TA	The TA created the finding but has not yet forwarded it to the LA.
Vaststellen bevinding Confirm finding		LA	The TA created the finding and forwarded it to the LA.
Bevinding gereed Finding ready		LA	The LA generated the findings report.

Council for Accreditation RvA-H010-UK, version 6.0

page 2 from 3 version date: 27-07-2023

4. Statuses of non-conformities (NC).

The non-conformity is given a new status each time in the process. The meaning of each status is indicated below.

Status of nonconformity	Process Step	Action by	Meaning
Afwijking concept Non-conformity concept	Create NC	ТА	The TA created the NC, but has not yet forwarded it to the LA.
Vaststellen afwijking Confirm non-conformity	Create NC	LA	The TA created/adjusted the NC and forwarded it to the LA.
Herzien afwijking Revise non-conformity	Approve NC	ТА	The LA sent feedback to the TA and returned the NC for modification.
Afwijking gereed Non-conformity ready		LA	The LA has approved the NC, but has not yet created a non-conformity report, so the NC is not yet visible to the KB.
Treatment by customer In process by customer	Formulate	KB/KG	The LA generated the non-conformity report and the NCs were forwarded to the default KB. Executive (KB/KG) prepares response.
Behandeling door klant Review by customer	response to NC (internal process at customer)	КВ	Executive (if KG) submitted response to accountable (KB), accountable reviews response.
Verwerken feedback klant Process feedback customer		KG	Respondent (KB) rejected response, and sent back to executive (KB/KG) with feedback.
Beoordeling door RvA Assessment by RvA		TA	The KB submitted the NC to RvA, the TA reviews the response.
Review door LA Review by LA	Review customer response	LA	The TA reviewed the KB/KG response, but it has not yet been reviewed by the LA.
Verwerken feedback LA Process feedback LA		ТА	The LA has sent feedback to the TA and returned this assessment to the TA.
Reactie goedgekeurd Response approved		-	The LA has approved the handling. The NC has been closed.
Updaten door klant Update by customer	Response to customer	KB/KG	The TA and LA have agreed that the KB/KG response is partially (or not) OK. Another round is needed.
Effectiviteit aantonen Prove effectiveness		KB/KG	The TA and LA have agreed that the KB/KG should also provide the 4 th O (Operationality).
Reactie afgekeurd Response disapproved	Reject customer response	LA	The LA has requested the PCA to disapprove the response to the NC. The process stops.

5. Changes compared to previous version

The entire document has been adjusted due to the release of the Reporting Tool 3.0, the main changes are:

- The customer role has been changed from Customer Representative to Customer Administrator and Customer User.
- The statuses have all been renamed.
- The chapter division has been completely adjusted.
