Product / Product Group	Module / article	Conformity assessment procedure
Directive 2014/90/EU **Marine equipment** *The accreditation for the specified activities is suitable for notification*		
1. Live-saving appliances Items: 1.1, 1.4 – 1.7	EC type-examination (module B)	Annex II, I
	Conformity to type based on quality assurance of the production process (module D)	Annex II, II
	Conformity to type based on product quality assurance (module E)	Annex II, III
	Conformity to type based on product verification (module F)	Annex II, IV
2. Fire protection equipment Items: 3.3 - 3.6	EC type-examination (module B)	Annex II, I
	Conformity to type based on quality assurance of the production process (module D)	Annex II, II
	Conformity to type based on product quality assurance (module E)	Annex II, III
	Conformity to type based on product verification (module F)	Annex II, IV
Directive 2006/42/EC **Machinery** *The accreditation for the specified activities is suitable for notification*		
19. Protective devices designed to detect the presence of persons. 20. Power-operated interlocking movable guards designed to be used as safeguards in machinery referred to in points 9, 10 and 11. 21. Logic units to ensure safety functions.	EU type-examination	Annex IX
Regulation (EU) 2023/1230 Machinery *The accreditation fort he specified activities is suitable for notification*		
B.15 Protective devices designed to detect the presence of persons	EU-type examination (module B)	Bijlage VII
B.16 Power-operated interlocking movable		

Product / Product Group	Module / article	Conformity assessment procedure
guards designed to be used as safeguards in machinery referred to in points 9, 10 and 11 of this Part.		
B.17 Logic units to ensure safety functions.		

Regulation 2016/425/EU
Personal Protective Equipment
The accreditation for the specified activities is suitable for notification

- Equipment providing face protection - Equipment providing eye protection - Equipment providing foot and leg protection - Equipment providing general body protection (clothing)	EU-type examination (module B)	Annex V, module B
	Conformity to type based on internal production control plus supervised product checks at random intervals (module C2)	Annex VII, module C2
	Conformity to type based on quality assurance of the production process (module D)	Annex VIII, module D

Product / Product Group	Module / article	Conformity assessment procedure
- Equipment providing hand and arm protection - Equipment providing head protection - Protective equipment against drowning and buoyancy aids - Protective equipment against falls from height - Protective equipment against cold (cold > -50°C / extreme cold < -50°C) - Protective equipment against heat (heat < 100°C / heat > 100°C and fire flame) - Protective equipment against mechanical risks - Protective clothing against static electricity - Protective clothing for use in potentially explosive atmospheres - Protective equipment against knife cuts - Protective clothing for firemen - Protective equipment for firemen - Protective clothing for use in Welding and Allied Processes - Protective equipment against Electrical shock - Protective equipment against hand-held chainsaws - Protective equipment against Non Ionizing Radiation - Protective equipment against Chemical Agents - Protective equipment against harmful biological agents -Specialized areas of competence: High visibility clothing
